

Revisions: ORNITH-APP-24-214R1

Dear Dr. Szabo,

We would like to thank the editorial team for their acceptance pending minor revisions of “Low migratory flight altitudes may explain increased collision risk for American Woodcock (*Scolopax minor*)”. We have addressed remaining comments in the attached document and incorporated them into a new version of the manuscript. We appreciate your continued consideration, and please reach out at (703) 888-8284 or at liamaberigan@gmail.com if you have any questions regarding the submission.

Sincerely,

Dr. Liam Berigan
